

smartcities & sport Paris 2023 summit

27-29 November

marketplace information

dates

The **marketplace** will take place on **Wednesday, November 29th**, from **10:30am to 11:30am**, within the framework of the smartcities & sport summit in Paris.

place

The marketplace is scheduled for the second day of the smartcities & sport summit at the **Stade Roland-Garros**.

smartcities & sport summit goals

This conference is aimed at representatives of cities, regions and countries from around the world, who are interested in developing smart strategies that connect sport and cities effectively. This conference will be the most relevant platform yet for the exchange of ideas and experiences among cities about the different legacies that hosting sports events can deliver. It will explore how to create links between sport events and city strategies to help shape better lives for future generations.

Invitation for IFs

Registration fees for the conference and social events will be covered for each representative of your organisation. Please note that only one delegate per organisation will be provided with two nights of accommodation at the Pullman Hotel.

marketplace overview

An open space in which participating cities will meet representatives from international sports organisations, event organisers, and various suppliers. It is a unique occasion to make connections and expand your network.

format

Each international sports federation registered for the smartcities & sport summit will have a standing table with a sign during the marketplace. Conference participants can circulate amongst the different tables and interact with federations. It will be a good opportunity to distribute your information and materials.
